

Nestled along the base of Ragged Mountain located in Berlin, CT., you'll find a hidden gem, Timberlin Golf Club, a premier 18-hole municipal golf course. The Al Zikorus design constructed in 1970, features rolling terrain and spectacular views of the surrounding farmland. In 2006, a two million dollar renovation project, designed by Stephan Kay and Doug Smith, was completed. The project consisted of renovation and redesign of 50 existing bunkers, along with the addition of 12 newly designed bunkers. The renovation also included recontouring all fairways and a new computer controlled water irrigation system. Timberlin provides an experience for the beginner and expert alike with its par 72 layout and challenging 6,733 yards from the championship tees.

**Your support will help us
participate in many of the
programs that provide local,
national and international
help to many charities.**

From the moment of the founding in 1882, charity has been the first principle of the Knights of Columbus. We are men of faith and men of action. The Knights of Columbus charitable activities encompass an almost infinite variety of local, national and international projects. From international charitable partnerships with Special Olympics, the Global Wheelchair Mission and Habit for Humanity to our own Food for Families & Coats for Kids projects and other local charities, the opportunity to work together with fellow Knights and their families is virtually endless.
